Colt Ford on Heartland's *Country Music Today***

*"Born American" by Brodie Stewart (feat. Colt Ford)*

***Stewart's patriotic new song is the first single from his forthcoming  
new self-titled album, due out summer 2019***

***"Anytime I get the chance to work with a friend, and stand up and say  
thank you to the men and women that lay it on the line for all of our  
freedom, I'm the first in line. I don't care what side of the fence you are  
on politically. We owe the men and women who provide our freedom a  
debt that can never be repaid." – Colt Ford***

***"I've thought this song has been good for a while now, but always***

***thought there would be an opportunity to make it great. Brodie and Colt combined to make a feel good anthem about America and Americans.” – Nate Deaton, KRTY***

Shot on the flight deck of the USS Midway Museum and at the Flying Leatherneck Aviation Museum in San Diego, "Born American" is a patriotic, yet *countryfied* rock n' roll salute to all those in our military who have served. It features both active and retired U.S. military personnel prominently throughout the video.

"The moment we finished this song we knew we had something special," Stewart acknowledged. "It was our opportunity to give back to those who deserve it the most. Having Colt Ford on the track was icing on the cake! This video is dedicated to our true heroes, the U.S. Military, both active and veterans! Thank you for your service! Amen!"

On his debut album "Born American", Brodie teamed up with guitarist/ producer/ songwriter Adam Shoenfeld (Jason Aldean, Tim Mcgraw, Luke Bryan, Keith Urban) to co-produce and play on the album along with several top players, including working with one great engineer Aaron Chmielewski in Nashville.

In addition to gearing up promotion for the new album, The Brodie Stewart Band's high octane show has been touring the west coast opening up for top recording artists such as Lynyrd Skynyrd, Lady Antebellum, Darius Rucker, Brett Eldredge, Cole Swindell, Dustin Lynch, Frankie Ballard, Parmalee, Jon Pardi, Big & Rich, Josh Turner, Craig Campbell, Kacey Musgraves, Lee Brice, Thompson Square, Easton Corbin, Joe Nichols, Hank Williams Jr. and many more.

**About Brodie Stewart:**

Brodie Stewart grew up in the San Francisco Bay Area, Sacramento and spent his summers in Red Bluff, California. At a young age his favorite things to do were going to the Rodeo, listening to country music, singing and playing guitar. Soon enough, Brodie formed and fronted a southern rock band and had the good fortune of touring the country opening up for big artists in front of sold out arenas. His band even charted on Billboard. With his southern rock roots, Brodie returned to what he loved the most, country music.
